

North East Lincolnshire Council form details

Representation on a licensing application, reference number NELC318532463

Summary of form:

Do you agree to your contact details being made public?: No

Do you intend to attend or be represented at any hearing?: No

Date: 2021-03-22

Customer name:

Title	First name	Last name
Mr.	Marcus	Croft

Contact details:

Contact telephone number	Email address
[REDACTED]	[REDACTED]

I would like to receive the notice of hearing by email: I would like to receive the notice of hearing by email

address details:

House	Street	Town	Postcode
[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

I make my representation as:: An individual

Name of applicant: Thomas Greens

Premises address:

Is the address in North East Lincolnshire?	Please enter your postcode or street name	Please select your address from the list
Yes	DN33 2LY	Louie's, The Old Police Box, 1A Waltham Road, Grimsby, DN33 2LY

Application details: Alcohol License

Last date for representation (if known):

Which of the licensing objectives does your representation refer to? (Select all that apply):

Prevention of Public Nuisance

Prevention of public nuisance: I wish to make it known that I disagree with this application on the grounds that the premises are in the heart of the Scartho conservation area. Parking will be a big issue due to its location. Noise coming from the premises if it's allowed to stay open until late, will keep nearby residents awake. With the street Lighting already coming from the street lights on Scartho fork roundabout, extra lights coming from these premises will make it excessive. There are no immediate litter bins around the premises, so I fear more litter being strewn in close proximity becoming an already ongoing problem within the Scartho area.

Scartho already has a big ASB problem, another premises allowing the sale of alcohol will only add to this increasingly difficult situation which the local ward councillors and policing team are trying to combat.

If possible please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the licensing objectives:
