The Prevention of Crime and Disorder

The prevention of crime and disorder: I have worked on Cleethorpes Sea Front for 17 years doing maintenance work, during this time it has not changed all that much, just more Rock stalls. No new ideas.

However I believe that there were 2 night clubs (which traded till 6 in Morning) with a record of violence and disorder, both run down and on the seafront. I even think one of them had a reported axe attack before it closed.

Mr Pungi renovated both of them into family friendly bars, perfect for tourists. He did this to help the area.

This transformation is reducing and preventing crime and disorder in the area

I do NOT believe that the new Kiosk will increase crime or disorder in any way.

Someone that is trying to put his energy, time and funds into the community surely should be helped if possible. Desserts, Pizza Slush, Instead of nightclubs shows he is responsible and aware of his surroundings.

I think a little kiosk would be great for tourists,

It is currently a blank empty wall with graffiti on it. How nice it will be for people to get a refreshing drink and not be met with a blank wall.

I am aware that he also renovated a run down fish and chip shop in Cleethorpes into a lovely building .. which is totally different to anything in the area. It targets family's and I personally feel it brings the right people into the area

His actions make me feel that he is a responsible licence holder with a history of positive change and investment to the town.

I'm definitely behind this project.

If possible please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the licensing objectives: no problems i fully support it, but couldn't find the form for supporting it.
