The Prevention of Crime and Disorder

**The prevention of crime and disorder:** I have lived in Cleethorpes for 15 years and as I live so close to our wonderful beach that I am a daily visitor to the prom, beach and surrounding facilities with my family.

In my opinion having a place where you can sit civilly having a drink admiring the views and relax whilst enjoying 'people watching' in a terrace is a great idea. This would mean that people with children and especially wheel chair or people who can walk very far could actually find a safe space where they can enjoy the views whilst having a drink as there are not many places where you can do so along our beach. In many tourist resorts it is the norm for most business on the front to have tables and chair outside and it never seems to be a problem, on the contrary, it is very appealing and it would be beneficial to the resort as well as to the businesses who are trying to recover from the pandemic that we have and still are suffering trying to make a living whilst creating a safe environment where people can sit, relax and enjoy our resort.

I fully support the above application for a premises licence and I do not believe that if granted it would add to crime and disorder.

**If possible please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the licensing objectives:**
