REPRESENTATION AGAINST THE REVIEW OF THE PREMISES LICENCE

I'm writing on the above review. I would like the police to cancel the review and I would prefer to work with them together.

I had to take my husband for a treatment in India due to his stroke and his conditions wasn't great. I admitted to him to hospital (evidence enclosed) in India and i came back.

While I was away, I put Mr Srimurugan and Mr Kamalakannan Manickam to manage the premises. Mr Srimurugan had completed the course and applied for a personal licence already. He misunderstood completing course and getting CRB cleared he can work. Then I explained again and he understood, then he closed the alcohol with immediate effect, then Mr Manickam who has the personal licence, was working.

Mr Srimurugan has now got his personal licence and he is working now. I also decided to sell the business due to my husband health situation. Mr Srimurugan agreed to buy the business, and the process is not complete yet.

It was a misunderstanding of the condition hold a personal licence by Mr Srimurugan, and he acted promptly to close the alcohol.

I am responsible for the matter, I would like to have a meeting with the police, and I would like to solve this matter if possible working with the police, as opposed to a review of the premises licence.

Yours faithfully
