HWBB.13 BETTER CARE FUND

The Board considered a report on the Better Care Fund (BCF) that sought approval of the plan for national submission to NHSE on 26th September 2022.

Mr Ward asked for clarification if the BCF would be a mechanism for the extra £150m funding announced by Secretary of State on 22nd September. Ms Whitton confirmed that we were awaiting confirmation of how the monies would be received, which could possibly be via the BCF.

The Chair acknowledged that officers had a quick turnaround to meet the submission deadline, which he thanked them for. He welcomed the good progress that was being made against the priorities.

Ms Kenyon explained to the board that the work outlined in the BCF plan was a continuation of work already in process during 2022/23. Further consideration would be given to ensuring future work continued to offer best value and makes a difference to the residents of North East Lincolnshire.

RESOLVED –

1. That the plan for national submission to NHS England on 26th September 2022 be approved.
2. That authority be delegated to the Director of Adult Services and ICB (Integrated Care Board) representative, in consultation with the Portfolio Holder for Health, Wellbeing and Adult Social Care, to amend the plan, if required by NHSE to secure its approval, and thereafter submit it.

The board agreed for the final version to be emailed to the board members for sign off before the 1st October 2022.

RESOLVED – That the final PNA be sent to the board via email to approve the final sign off.
