Objectives	Evidence
The Prevention of Crime and Disorder	
Public Safety	
Prevention of Public Nuisance	<p>The additional skylights and rear doors will increase the noise levels to our property. The outdoor seating area and patio sound system will cause a disturbance. This will impact on our personal enjoyment of our property and a loss of amenity.</p> <p>Also, the enlarged bar area may lead to more deliveries and emptying of bottle skips. The bottle collection is often at unsociable early hours of the morning This disturbs our sleep.</p>
The Protection of Children from Harm	

If possible please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the licensing objectives

The time of deliveries and recycling/waste collections should be restricted to sociable hours

The sound system should be appropriate to the size of space.

The rear doors should remain closed when the kitchens and bars are in use

Acoustic work should be undertaken to prevent the travel of noise from Thorpe Park to Humberston Fitties

The extraction and air handling units at the rear of their property should be maintained and replaced if the rattling cannot be repaired.
