

Petition to Call on North East Lincolnshire Council to Play it's Part in Helping to Clean Up and Protect our Waterways

Grimsby and Cleethorpes Liberal Democrats are calling on North East Lincolnshire Council to 'play its part' in helping to clean up and protect our waterways.

By this petition, you are pledging your support for North East Lincolnshire Council to:-

- **Ensure the Council's 'Natural Assets Plan' and the 'Local Plan' supports river and coastal recovery.**
- **Embed river recovery in all strategic decisions, budgets and approaches to decisions by the Council (particularly in planning, regeneration and economic policy).**
- **Create an online portal on the Council website to update the public on the river and coastal recovery process.**
- **Write to Anglian Water to request details of their plans to eradicate the practice of untreated sewage discharge to local rivers and coastal waters.**
- **Work where possible with Anglian Water, the Environment Agency, Grimsby and Cleethorpes MPs, Coastal Partnerships, and other agencies, to combat threats to the quality of water in our local rivers and coastal waters.**
